Newstarquartz

Luxury, durability and naturally.

NEWSTARQUARTZ is the leading supplier and manufacturer of natural quartz surfaces with the most advanced, environmental manufacturing factory in South China. Our newstarquartz product line is ideally suited for all kinds of decoration and building, for countertops, vanities, bar tops, and for floors and walls, and other surfaces throughout various buildings.

NEWSTARQUARTZ is produced by using natural quartz(93%) with high-quality polymer resins and colorful pigments, wherein the mixed material are compacted under intense vibration, vacuum, and pressure into dense slabs. Advanced processing technology brings granite/marble like colors, enduring shine, super hardness and porous free quality which prevent it from any liquid penetration. Its antipollution texture has rarely been matched by other solid surfaces or natural stone; therefore it is wide used in the field of architectural decoration.

COLOR COLLECTION

With NEWSTARQUARTZ's different collections, colors and styles at your fingertips, you have an excellent starting point for endless creative possibilities. Newstar quartz surfaces are beautifully enduring.

Newstarquartz

Experience Newstar collections, each celebrating hues and patterns inspired by earth's natural splendor. Newstar quartz surfaces are beautifully enduring.

Why choose Newstarquartz

Now made in China using the latest technology.

It's 93% Quartz, 100% Practical

Newstarquartz is meticulously crafted with an advance process that makes it more durable, and much easier to maintain than other countertop surfaces. Its surface is smooth and inherently non-porous. Newstarquartz is stain-resistant and requires no sealing to preserve its appearance.

Enhanced product and delivery.

Newstarquartz provides:

- Assurance of highest quality standards
- Superior gloss finish and backside quality
- New color innovation
- More size and thickness can be selected
- Powerful producing capability and service team ensuring the on-time-delivery

Good for you, good for the environment

Newstarquartz's non-porous surface is safe and suitable for many different applications. It's approved for use in food service, medical facilities, school, hospitality and anywhere long-lasting durability, hygiene and design flexibility are essential.

We've got you covered

Since we are confident you will be happy with your Newstar surface, Newstarquartz offers a transferable 15-year limited warranty.
